

# Find your right size.

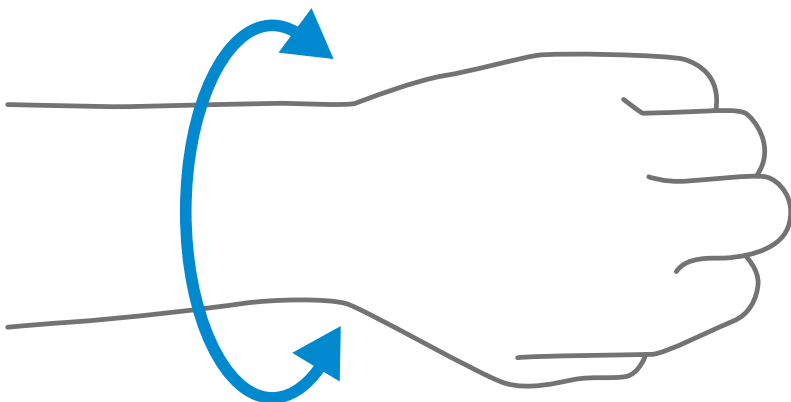

Microsoft Band 2 comes in three sizes so you can choose the one that fits you best.

	Wrist circumference	
	Millimeters	Inches
Small	143 – 168	5.6 – 6.6
Medium	162 – 188	6.4 – 7.4
Large	180 – 206	7.1 – 8.1

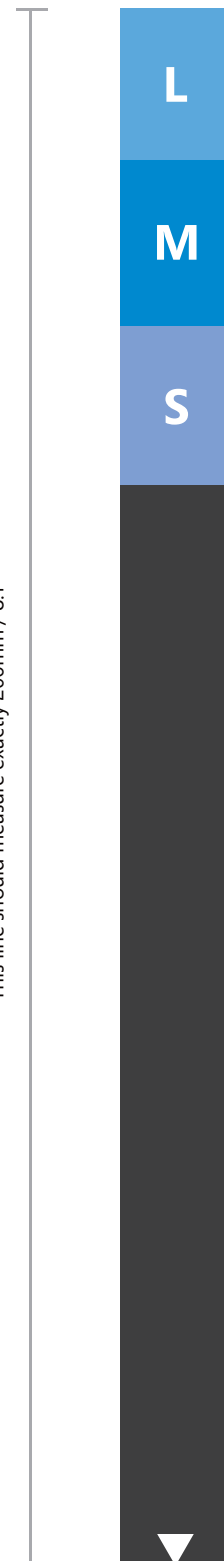

To help you find the best fit, measure your wrist circumference with a tape measure, or print out the sizing guide on the right of this page and wrap it around your wrist. Then, reference the chart to find your size. If your wrist circumference falls between two sizes, choose the larger size for the most comfortable fit.

Important: Microsoft Band 2 fits differently than previous versions.

This page must be printed at 100% in portrait orientation. Use a ruler to confirm that this line measures 206mm / 8.1"

This line should measure exactly 206mm / 8.1"

This page must be printed at 100%. Ensure that printer settings are not set to shrink or fit to page. Use a ruler to confirm accuracy. Blue portions of sizing band represent the range in which the product fits.
